AEP Foundation donates \$50,000

The AEP Foundation gave a generous \$50,000 grant to CHRISTUS Spohn to help fund the new da Vinci Surgical Robotic System which is part of the Cancer Center Renewal. With the da Vinci System, complex and open surgeries can become minimally invasive procedures—reducing risk and speeding recovery for patients.

Mickey Lowery, Bruce Holstien and William McDonald are delighted to accept a check from local AEP president and CEO, Pablo Vegas.

New Digital Ultrasound Equipment for Kleberg

The CHRISTUS Spohn Foundation granted funds for new digital 3D/4D ultrasound equipment for CHRISTUS Spohn Hospital Kleberg. The Foundation's purpose is to raise funds that will help support CHRISTUS Spohn's healing mission. The many generous donors who give to the Foundation help make gifts like this possible. Providing new technology and equipment helps our associates and physicians provide exemplary care to the patients we are privileged to serve.

Kleberg Advisory Board Members Gus T. Canales, Edwin Grossman, Aurora Garza, Jean Claire Turcotte, Jack Murphy, Ann Harrell and Alfred Isassi join associates Monica Garcia, Raleigh White and Linda Arnold to see the new equipment.
