2009 Lyceum Funds Presented

A ceremonial check was presented at the Cancer Center for the 2009 Lyceum funds. More than \$250,000 was raised this year, with \$202,285 directed to the Cancer Center Renewal and \$50,571 for the CHRISTUS Spohn Foundation endowment. Michael Doane, Bruce Holstien, and Julie Pina were on hand to receive the check presented by Susan Lewis, Lyceum co-chair and Al Jones, president for one of the presenting sponsors, American Bank.

Ambassadors Tour Cancer Center

A newly formed group, called the CHRISTUS Spohn Ambassadors, was given a bird's eye view of the Cancer Center's new linear accelerator by Dr. Madhup Gupta during their June meeting. The Ambassadors gather periodically to learn more about CHRISTUS Spohn so they can share our vision and purpose with the community while helping us be aware of community concerns and issues.

Ed Hicks Family Donates Transfer Training Vehicle

The Shoreline campus Outdoor Rehab Therapy Plaza is now home to a new Transfer Training Vehicle, thanks to the generosity of a beloved local family—the Gloria and Ed Hicks Family and their family business, Ed Hicks Imports. The Rehab team at Shoreline will be able to teach patients how to get in and out of a car before they leave the hospital and as Dr. Susan Tower said in her remarks, “For our patients, this gift is more than a car, it is a lifeline.”

Pam Robertson and Karen Bonner pose with Ed Hicks in front of the Nissan Pathfinder that the Hicks family donated for transfer training.

Foundation Board members, Lou Adele May and Susan Lewis join the crowd at the press conference and are pictured here with Ed and Gloria Hicks.
